FOOD JAPAN - ASEAN's Largest Dedicated Showcase on Japanese Food and Beverage, Technology and Services has been rescheduled to 2021

ASEAN's Largest dedicated exhibition on Japanese Food and Beverage, Technology and Services has been rescheduled to 2021 due to the evolving pandemic situation and in consideration of the health and safety of our exhibitors, sponsors and visitors.

The decision to postpone Food Japan 2020, which had been an iconic annual showcase in Singapore for the past eight years, was taken after much deliberation and consultation with various industry stakeholders. Food Japan attracts more than 10,000 visitors and 200 exhibiting companies annually serving as a bridge between Japan and ASEAN; providing valuable opportunities for business collaborations and knowledge exchange of authentic Japanese food products and technology.

Food Japan will return to Singapore in 2021 with a commitment to bring in a wider variety of Japanese Food and Beverage, Technology and services to ASEAN. Rescheduled dates will be communicated once confirmed.

Join our mailing list or visit our website at www.oishii-world.com for further updates to Food Japan 2021.

Yours sincerely,

Organiser
